

# Before The Devil Knows I'm Dead

John Floreani

Pray for me

Pray for me

There's something I've been meaning to ask you  
Something on the tip of my tongue  
Something I saw in my old man when I was young  
(Pray for me)

Will the water wash away the blood  
And everything that I've done?  
How can I save my name when the fire comes?  
(Pray for me)

I wanna make it to heaven  
Before the devil knows I'm dead

I don't know how to tell you  
But where you're going when you die  
They don't let the bad folk like me inside  
(Pray for me)

I know I promised forever  
But forever is a long, long time  
Can you stand to be alone in your afterlife?  
(Pray for me)

I wanna make it to heaven  
Before the devil knows I'm dead  
I wanna make it to heaven  
Before the devil knows I'm dead

I am simple  
My hands are quiet  
I've paid for what I did in the night  
I am simple  
My hands are quiet  
I've paid for what I did in the night

I wanna make it to heaven  
Before the devil knows I'm dead  
I wanna make it to heaven  
Before the devil knows I'm dead  
I wanna make it to heaven  
Before the devil knows I'm dead  
I wanna make it to heaven  
Before the devil knows I'm dead
