

## Love Is Magic

John Grant

Have you got depression?  
Passive aggression?  
Did they stop loving you  
And you're the only one who doesn't know?  
You forgot your medication  
And Sade is playing on the radio

They say you were always enough  
It's too ridiculous to call their bluff  
And you're staring at a dresser drawer  
Just devoid of clean underwear  
You're trying to work out on your calculator  
If you can swing that trip to anywhere but here

Love is Magic  
Whether you Like it or Not  
It isn't so tragic  
It's just a lie that you bought  
When the door opens up for you  
Don't resist, just walk on through  
There is nothing left to lose

Do you think you can take the pain?  
Is it destroying the inside of your brain?  
And you've come so very far to hear  
That you're nowhere near half-way there  
There's no milk in the refrigerator  
And you'll be hearing all about it when you get home tonight

And this thing called intimacy  
Is it what you always thought it would be?  
Do you feel like you've experienced  
What the word is supposed to mean?  
Do you feel like you are in control?  
Did you find out that there's really no such thing?

Love is Magic  
Whether you Like it or Not  
It isn't so tragic  
It's just a lie that you bought  
When the door opens up for you  
Don't resist, just walk on through  
There is nothing left to lose
