

Blame It On Joann

John Hartford

Joann, Joann
It must have happened by your hand
Joann, Joann, Joann
You must have done it

You're the only one around
That we can all put down
Joann, Joann
You must have done it

We love you 'cause you always let us hate you
We love you 'cause you do not take it well
We love you 'cause you put us all in heaven
Let us sit and wish you'd go to hell

We love you 'cause you always let us hate you
We love you 'cause you do not take it well
We love you 'cause you put us all in heaven
Let us sit and wish you'd go to hell

Joann, Joann
Damn, damn, damn Joann
Joann
You must have done it

You're the only one around
That we can all put down
Joann, Joann, Joann
You must have done it

We love you 'cause you always let us hate you
We love you 'cause you do not take it well
We love you 'cause you put us all in heaven
Let us sit and wish you'd go to hell
