

Got No Place to Go

John Hartford

There's a big hill
Behind the water wheel
And I got no place to go

Tumble down
Rumble bound
'Cause I got no place to go

All alone
Got no home
Got no place to go

So the rain may come again
It's the same old refrain
What's your name?
Please explain, have you got no place to go?

All alone
Got no home
I got no place to go

Stumble on
Sing a along
I got no place to go

So the rain may come again
It's the same old refrain
What's your name?
Please explain, have you got no place to go?

So the rain may come again
It's the same old refrain
What's your name?
Please explain, have you got no place to go?
