

Hooligans Change Your Style

John Holt

Hooligans, hooligans stop for a while
Change your hooligan style
Don't fight your brothers
You must use your head
Give a helping hand instead

Ooh what a great sensation
When love is in your soul
Spread it across the nation
Hooliganism is cold
Let only love fill your soul
Fill up your soul

What a man gain by doing wrong
Only letting down mankind
Check on yourself if you're doing alright
Forget about your pride

Ooh what a great sensation

When love is in your soul
Spread it across the nation
Hooliganism is cold
Let only love fill your soul
Fill up your soul

Hooligan, hooligan stop for a while
Change your hooligan style
Don't fight your brothers
You must use your head
Give a helping hand instead

Oh what a great sensation
When love is in your soul
Spread it across the nation
Hooliganism is cold
Let only love fill your soul
Fill up your soul
