

We'll Always Be Together

John Holt

I saw you over there
But what could I do?
I couldn't stand and stare
Or come and talk to you
And it is always fair
To formally be introduced?
To you especially

I took it on my own
To come and talk to you
Because you were alone
I hope I didn't intrude
Observing you had shown
That you were so lonely and blue

*Nothing beats a failure like a try
There's a great reward
Someone will surely hail you
If you try
But you must try hard
And if I hadn't tried
I wonder where I'd be
If I upon relied
On fate you meeting me
But because I tried
Together we'll always be

(*Repeat)

Oh darling
Together we'll always be
