

# Boogie Chillun

John Lee Hooker

Well, my mama, she didn't 'low me just to stay out all night long, oh Lord  
Well, my mama didn't 'low me just to stay out all night long  
I didn't care what she didn't 'low--I would boogie-woogie anyhow

When I first came to town, people, I was walkin' down Hastings Street  
Everybody was talkin' about the Henry Swing Club  
I decided I drop in there that night  
When I got there, I say, "Yes, people"  
They was really havin' a ball  
Yes, I know  
Boogie Chillen'

One night I was layin' down  
I heard mama and papa talkin'  
I heard papa tell mama let that boy boogie-woogie  
It's in him and it got to come out  
And I felt so good  
Went on boogiein' just the same
