

# Hittin' The Bottle Again

John Lee Hooker

Hittin' the bottle again  
Hitting the bottle again  
Doin' everything the doctor told me not to do

"Shouldn't drink no more, it aint good for you"  
Hittin the bottle again  
Woman gone and left me, I can't help myself  
Down in by the court of day, hittin the bottle again  
Daylight find me drinking, midnight find me drinking too  
Ever so lone in town, I'll be hittin them fast n fast

Drinking every night

Bar room, bar room, bar room, is my home  
Since she's been gone  
Hittin' the bottle again  
Hittin' the bottle again  
Hittin' the bottle again  
Ever since she's been gone

Down in by the court of day  
Doctor told me not to drink no more  
Doing everything the doctor told me not to do  
Down by the court of day  
Hittin' the bottle again
