

# Leave My Wife Alone

John Lee Hooker

Hey man! Leave my wife alone!

I done told you once and ain't gonna tell you no more  
Next time I tell I'm gonna mow you down  
I said leave her alone, I said leave her alone  
I said man don't you know leave my wife alone

I said look at her babe what have you dun-done?  
Got my lover got her on her thumb  
Better leave him alone, better leave him alone  
I done told you once ain't gonna tell you no more

Oh!  
Have mercy!

I said look at her babe what you dun-done?  
Got my lover got her on her thumb  
I done told you baby, done told you baby  
I done told you baby, leave that man alone

De lata de lata de lata do  
I said baby now baby leave that man alone
