

# Mean Mean Woman

John Lee Hooker

Mean woman mean woman  
Mean woman wonder why you're so mean  
Mean woman mean woman  
Mean woman why you're so mean  
And that's why I'm gonna leave you mean woman  
Mean woman you're so mean  
Looka here now mean woman  
I'm afraid to lay down at night mean woman  
You sleep with a ice pick in your hand mean woman  
I'm afraid to lay down at night with you mean woman  
You sleep with a ice pick in your hand all night long  
That's why I'm gonna leave you mean woman  
Because you fights all in your sleep mean woman  
You know you do mean woman  
Looka here now  
I work hard every day mean woman  
Until the evenin' sun go down  
I work for you mean woman every day  
Until the evenin' sun go down  
I come home in the evenin' time  
My supper is never done mean woman  
Talkin' 'bout you mean woman  
(solo)  
I'm gonna leave you mean woman  
I'm even afraid to lay down with you at night mean woman  
I'm gonna leave you mean woman  
I'm even afraid to lay down with you at night  
Because when you go to bed at night mean woman  
You got a ice pick in your hand  
Looka here now  
Gonna leave you mean woman  
Goodbye mean woman  
Goodbye mean woman  
Goodbye now mean woman  
Goodbye goodbye goodbye goodbye goodbye goodbye goodbye mean wo  
man  
Goodbye mean woman  
I'm so afraid of you mean woman  
Goodbye mean woman
