

# Bigger Love

John Legend

I don't wanna think about nothing  
Just watching you dancing  
Feel like the beginning of something

In the end, in the end  
All I wanna do is just fall in  
I don't wanna think about nothing

Everybody got so much to say  
Every time we pushing away  
Everyday, a new reason to stay

'Cause we got a big love  
Won't ever give it up  
We got a one-way ticket love  
We ain't going no place but up  
Nothing can stop this, no one can top us  
We got a bigger love

I don't wanna think about nothing  
The world feels like it's crumbling  
Everyday, another new something

But in the end, in the end  
Can't nobody do us in  
I just wanna think about loving

'Cause we got a bigger love  
Won't ever give it up  
We got a one-way ticket love  
We ain't going no place but up  
Nothing can stop this, no one can top us  
We got a bigger love

We got a bigger love  
Won't ever give it up, no  
We got a one-way ticket love  
We ain't going no place but up  
Nothing can stop this, no one can top us

Oh, we got a bigger love  
Won't ever give it up  
We got a one-way ticket love  
We ain't going no place but up  
Nothing can stop this, no one can top us

'Cause we got a bigger love  
Oh, won't ever give it up, no  
We got a one-way ticket love  
We ain't going no place but up  
Nothing can stop this, no one can top us  
We got a bigger love
