**John Legend**

Go down, Moses  
Way down, Moses  
Go down to Egypt land  
Lay down, soldiers  
Lay down those weapons, let peace rush in

Let it wash through the valley  
Soar to the mountains  
Fall in the deepest blue sea  
Let it fly 'cross the sky  
A banner so high  
That even the rockets will see

That there is a God  
And I'm just sayin', Lord  
Rain down, freedom  
Rain down, 'til we're all  
Free  
Free  
Free

Low down, broken  
Homeless, floatin'  
Lost and thrown to chance  
Yeah  
Caged birds singing  
Break chains so we can  
Do our holy dance

Let 'em ring through the valley  
Soar to the mountain  
Pierce to the core of the earth  
Let 'em sing cross the sky  
A chorus so high  
That everyone will know their worth

And that there is a God  
And we're just sayin', Lord  
Rain down, freedom  
Rain down, 'til we're all  
Free  
Free  
Free

Free, free, free  
'Til we're all

There is a God  
And I'm just prayin', Lord  
Rain down, freedom  
Rain down, 'til we're all  
Free  
Free  
'Til we're all free
