

# Good

John Legend

Ah (It's good)  
Yeah

I don't wanna look 'round the corner  
I've been let down, disappointed  
Stay in this minute  
Safe when we're in it  
Out there, I'm not so sure, oh  
I don't really know if this time  
Is this for real or just for the night?  
Gettin' so close, completely exposed  
And all that I know is I feel

Good  
I never thought that I would  
Didn't know if I ever could  
I'm so used to bad  
'Cause that's all I've had  
But it's good, good, good  
Felt my feet float off the floor  
Don't leave me here wantin' more  
Tired of bein' hurt, feel like I deserve  
To feel good, good, good

It won't last forever, that's what they say  
I should know better, Lord knows I've tried  
Time after time  
Love just keeps pullin' me under, oh  
Call me insane, expect something new  
When I'm doin' the same thing  
You're comin' over and I'm startin' over  
Can't help myself 'cause it feels

Good  
I never thought that I would  
Didn't know if I ever could  
I'm so used to bad  
'Cause that's all I've had  
But it's good, good, good  
I felt my feet float off the floor  
Don't leave me here wantin' more  
Tired of bein' hurt, feel like I deserve  
To feel good, good, good

Doesn't everyone want to feel good?  
Everybody deserves to feel good  
I've been waitin' too long to feel good  
Good, good, good

Good, good, good  
I never thought that I would  
Didn't know if I ever could  
I'm so used to bad  
'Cause that's all I've had  
But it's good, good, good  
I felt my feet float off the floor  
Don't leave me here wantin' more

Tired of bein' hurt, feel like I deserve  
To feel good, good, good

Oh

So good

Ayy, good (Good)

Ooh

So (So), good

Good, good, good (Good)
