

Love

John Legend

Lately, we been cussin'
You pushin' on my buttons
It's cruel
How you do, how you do
I know that it's toxic love
But I kinda like it, I do (Do)
Oh, I do, I do, yeah (Do, yeah)

Why you gotta talk like that?
Why it gotta feel like that?
Every time I leave, I know I'm comin' right back

'Cause when we make love
Love
Love, yeah (Yeah)
When we make love (When we make)
Love (When we make)
Love (When we make)
Yeah, when we make—

I'll be knockin' at the door
You can change the locks, but we're not through
We're not through
Curse me out and scream some more (Scream some more)
Baby, I just need a word from you
Oh, won't you bless me, baby? Hey (Woo)

Why you got the sauce like that? Yeah
Girl, you know that ooh so wet (Ooh, you know that)
Every time I leave, I know I'm comin' right back

'Cause when we make love (Yeah)
Love
Love, yeah
When we make love (When we make love)
Yeah (When we make love)
(When we make)
Baby, when we make love

I hear the heavens callin'
I feel the ceilings fall in
You know you made a
Believer out of me

Oh, when we make love
Love (Ooh, baby, yeah)
Love, yeah (I want you, baby)
Oh, Lord (You know I'm comin' home and we make)
Love (Yeah)
Love (Woo, yeah)
Love (When we make—, oh, Lord)
Oh, God (Ooh, yeah)
When we make love
