

Maybe

John Legend

Maybe you could be
A purple monkey in the bubblegum tree
And you could swing in the breeze
Then you could swing back to me
Maybe you could be
A little bird with polka-dot wings
And you could fly to the sea
Then you could fly back to me

Over the ocean, above the clouds
You would float across the sky
Back through the forest, you would sing out
Then fly back home

Maybe you could be
A purple monkey in the bubblegum tree
And you could swing in the breeze
Then you could swing back to me
Maybe you could be
A little bird with polka-dot wings
And you could fly to the sea
Then you could fly back to me

Yeah, you can fly back to me
Oh, fly back to me
Yeah, then you could fly back to me
Oh, then you could fly back

Over the ocean, above the clouds
You would float across the sky
Back through the forest, you would sing out
Then fly back home to me

Fly back to me
Oh, come on home to me
Yeah, then you could fly back to me
Then you could fly back to me
Yeah, fly back to me
Home sweet home back with me
Oh, fly back to me
