

Memories

John Legend

Oh-oh, yeah

Started out with a drink and a vibe
I ain't smoked but I'm feeling so high
And I know you don't wanna sleep alone and I, yeah
We were friends, everything was just cool
Then you hit me with that text come through
Yeah, I know what you wanna do

Just give me all your love
I'll slow down if it's too much
No shame, it's just the two of us
No shame, it's just the two of us

And now that it's over
And we're finally sober
We made memories
We made memories, yeah
Stayed down the morning
And now we'll go falling
'Cause we made memories
We made memories, yeah

Oh, yeah
We made memories, oh

I don't know what the future gon' be
All I know is you put it on me
Last night was paradise, yeah-yeah-yeah-yeah
When we still running back a few times
I wanna hear you tell me that it's all mine
It's all mine

Just give me all your love
I'll slow down if it's too much
No shame, it's just the two of us
No shame, it's just the two of us

And now that it's over
And we're finally sober
We made memories
We made memories, yeah
Stayed down the morning
And now we'll go falling
'Cause we made memories
We made memories, yeah

Yeah, oh
We made memories, oh-woah
Woo, oh-yeah
We made memories
