

Stardust

John Legend

You're vast like the ocean
Yet the voices in your head have got you
You don't really know how powerful you are
Always in motion
I smile to myself as I watch you
You don't need to win me over
I been yours

You don't need to dress it up
No, no
Don't need to put on airs to make me care
You've got that golden touch
Oh, yeah
I mean, I know you're scared
But are you aware?

You are made of stardust
The universe inside you, yeah
A straight-up miracle
It's so incredible
How you sometimes can forget
You're brilliant
Like stardust
Luminous

I don't want perfection
You don't like it when I see right through you
Tell me what you're hidin'
I love you just the same, ayy
Love's made of lessons
Through all the hell and all the hallelujahs
You don't need to worry
I'm not playin' games

You don't need to dress it up
No, no
Don't need to put on airs to make me care
You've got that golden touch
Oh, yeah
I mean, I know you're scared
But are you aware?

You are made of stardust
The universe inside you, yeah
Every time that I
Look into your eyes
I can barely catch my breath
You're brilliant
Like stardust, ayy
Luminous
Like stardust, oh
Luminous

(We are made of stardust) Yeah, you and I
(The universe inside us) Oh, I see it in your eyes
(We are made of stardust) Ooh, you and I
(The universe inside us) Ooh

(We are made of stardust) Oh, you and I
The universe inside us, yeah
(We are made of stardust) I'm a miracle
You're a miracle
(The universe inside us) Yeah, yeah
(We are made of stardust)
