

# Strawberry Blush

John Legend

You caught my eye, eye, eye  
With your strawberry blush  
Appeti-i-ite  
Bought that red velvet lunch  
I got high, so super high up off that sweet sugar rush  
Taste it, love  
One taste is never enough, yeah

Coconut beach, girl of my dreams  
Lookin' at me, servin' that peach, yeah  
I wanna drink, pretty lil' face, uh  
Cinnamon eyes, no, I ain't tryin'  
Can't let it go to waste  
I'ma clean up that plate

I want all of it, all of it, all of it, all the time (All the time)  
Want it all on the tip of my tongue, I'ma taste it right  
Give me all of it, all of it, all of it, every night  
From the very first try  
I can't deny

You caught my eye, eye, eye  
With your strawberry blush  
Appeti-i-ite  
Bought that red velvet lunch  
I got high, so super high up off that sweet sugar rush  
Taste it, love  
One taste is never enough, yeah

I'm hooked on your touch, lost in your love  
Drownin' in lust, it's never too much  
No, it's never too much

I want all of it, all of it, all of it, all the time (All the time)  
From the very first try  
Baby, I can't deny

You caught my eye, eye, eye  
With your strawberry blush  
Appeti-i-ite  
Bought that red velvet lunch  
I got high, so super high up off that sweet sugar rush  
Taste it, love  
One taste is never enough, yeah

I'm addicted to your lovin'  
You're my drug and I love it  
Ooh, I really wanna taste some more, yeah, yeah  
I'm addicted to your lovin' (Woo, ooh-ooh)  
You're my drug and I love it  
Taste it, loved one, taste is never enough

Oh, you caught my eye, eye, eye  
With your strawberry blush  
Appeti-i-ite  
Bought that red velvet lunch  
I got high, so super high up off that sweet sugar rush

Taste it, love  
One taste is never enough, yeah
