

U Move, I Move

John Legend

I don't need words
You don't need to say it
Go with the feeling
And I'll do the same, whoa

That's how this works
I put you first
Your twists and your turns
I wanna learn

When I'm lost, you give me order
Pull me back and push me forward
Take me in and hold me
Hold me closer

I'll follow you up and over
You control me, fast and slow

When you move, I move
Move
I'm caught in your groove, yeah

I'm gonna stay right next to you
Wherever you're going
I'm going too

If you ever hurt
Then I'm gonna bleed
But I'll pick you up and
Put you back on your feet, oh-oh-oh

That's how this works
I put you first
Yeah, I'll do for you
What you want me to

'Cause when I'm lost, you give me order
Pull me back and push me forward
Take me in and hold me
Hold me closer

I'll follow you up and over
You control me, fast and slow

When you move, I move
Move
I'm caught in your groove, yeah

I'm gonna stay right next to you
Wherever you're going
I'm going too

I can't believe that I've found someone like you, oh
Someone who needs that somebody like I do, oh
I can't believe that I've found someone like you
Like you

When you move, I move

Move

I'm caught in your groove, yeah

I'm gonna stay right next to you

Wherever you're going

I'm going too
