

# Waterslide

John Legend

Oh no  
Slip inside those hips

Let's go down together  
And take a waterslide  
Save your trouble for later  
We can just let it slide  
Enjoy the ride and stumble together  
You take a waterslide  
Splash in the summer, holding each other  
You take a waterslide, a waterslide, oh

This look on my shirt won't fade  
My shoulders got a sign with your name  
Let your eyes go ahead and reign, let 'em reign, oh  
I know it from the look of your face  
You're tired and running in place  
I wanna be the change in your pace, pace

Groove all night in the living room  
Get sky-high in the afternoon  
Ooh la la, ooh la la  
We'll be coming soon  
Baby

Let's go down together  
And take a waterslide  
Save your trouble for later  
We can just let it slide  
Enjoy the ride and stumble together  
And take a waterslide  
Splash in the summer, holding each other  
And take a waterslide, a waterslide, oh

Honey, let me look in your mind  
Let me get a piece of your turn  
And show you what a real lover feels like  
When he tries

Groove all night in the living room  
Get sky-high in the afternoon  
Ooh la la, ooh la la  
We'll be coming soon  
Baby

Let's go down together  
And take a waterslide  
Save your trouble for later  
We can just let it slide  
Enjoy the ride and stumble together  
And take a waterslide  
Splash in the summer, holding each other  
And take a waterslide, a waterslide, oh

Yeah, let's go  
Ooh  
Oh baby

Ooh la la, ooh la la  
Let's go  
Ooh la la, in your waterslide (Ooh-oo)  
Ooh la la, ooh la la  
Ooh la la, in your waterslide (Ooh-oo)  
Ooh la la, ooh la la  
Ooh la la, in your waterslide (Ooh-oo)  
Ooh la la, ooh la la  
Ooh la la, in your waterslide (Ooh-oo)  
Ooh la la, ooh la la  
Ooh la la, in your waterslide (Ooh-oo)  
Oh, in your waterslide  
Ooh la la, ooh la la  
Ooh la la, in your waterslide (Ooh-oo)
