

Loving You

John Lundvik

I got a ticket to nowhere
But I want a summer with you
We've been up all night
But with no heading over
When you move like that

Like a moth to a flame girl
You are to blame
If I might be losing my mind
Don't go leading me on
And break my heart tonight
'Cause you're the missing piece
I've been looking for
Now I've found it girl
You better believe me
It is true

Yeah I'm all about loving you
While you're dancing alone in the moonlight
I'm all about loving you
All the things that you do, that you do
I'm all about loving you
Girl stop holding it back, you'll be alright
I'm all about loving you
All the things that you do, that you do

Don't let the winds turn colder
It's clear the earth has got to deal with

Like a moth to a flame girl
You are to blame
If I might be losing my mind
Don't go leading me on
And break my heart tonight
'Cause you're the missing piece
I've been looking for
Now I've found it girl
You better believe me
It is true

Yeah I'm all about loving you
While you're dancing alone in the moonlight
I'm all about loving you
All the things that you do, that you do
I'm all about loving you
Girl stop holding it back, you'll be alright
I'm all about loving you
All the things that you do, that you do

That you do, that you do, that you do now

'Cause you're the missing piece
I've been looking for
Now I've found it girl
You better believe me
It is true

Yeah I'm all about loving you
While you're dancing alone in the moonlight
I'm all about loving you
All the things that you do, that you do
All the things that you do
Girl stop holding it back, you'll be alright
I'm all about loving you
All the things that you do, that you do
It's all about loving you
