Closer

John Mark McMillan

Come closer, closer to me
Find me broken, find me bleedin'
Cause I need more now than a fairy tale
A God who lives in a book
I need someone real

So would you come?
Would you come?
If I begged you, would you come closer to me now?

Come closer, closer to me
Find me broken, find me on my knees
Cause I need more now than philosophy
Some God in outer space doesn't mean anything to me

So would you come?
Would you come?
If I begged you, would you come closer to me now?
Would you come?
Would you come?
If I begged you, would you come closer to me now?

Son of David, do not pass me by
Cause I am naked
I'm poor and I'm blind
Son of david, don't pass me by
Cause I am naked
I'm poor and I'm blind
