

Cool In This Life

John Martyn

Life has been good to me, I been good to this life
Life's been cool with me, I been cool all my life
Sometimes I cry, just like a baby try for me baby
Life was sitting right with me, I was sitting right with life
I was sitting right with my children, they were sitting right with my wife.

Saddened by life from time to time
Saddened by my presence don't open 'em 'til Christmas
Sometimes I cry, just like a baby try for me baby, try for me baby
Sometimes I cry, just like a baby try for me baby, try for me baby.

Off of your knees c'mon up and try me
Get off of your knees c'mon up and try
Off of your knees come and try a man like me
Stop your crying, stop that crying!

Life been good to you, you been so good to this life
Life will be cool with you if you're cool with life
It could be bad for you, could be worse for me
Dear Lord don't you know you gotta try.

Sometimes I cry, just like a baby
Raise my standards high
Wave my flag and raise my standard high.

Try a man like me
Try a man like me
Try a man like me
Try a man like me.

Raise my standards high
Raise them standards high
Raise them standards high.

Wave the flag
C'mon try a man like me
C'mon, try a man like me.

Raise my standards high, try a man like me
Raise my standards high, try a man like me.
