

## Fishin' Blues

John Martyn

I have been fishing all the time  
Won't you come fishing too?  
You can bet your life  
Your sweet loving wife  
Gonna catch more fish than you  
If the fish bite, you got a good bait  
Here's a little something I would like to relate  
If the fish bite, you got a good bait  
I'm a going fishing  
Yes I'm going fishing  
I'm a going fishing too.

I went up the river by one o'clock  
I spied that catfish, so many around  
And I got so hungry, didn't know what to do  
Reckoned I might catch catfish, too.

And I have been fishing all the time  
Won't you come fishing too?  
You can bet your life  
Your sweet loving wife  
Gonna catch more fish than you  
If the fish bite, you got a good bait  
Here's a little something I would like to relate  
If the fish bite, you got a good bait  
I'm a going fishing  
Yes I'm going fishing  
I'm a going fishing too.

And I went down the river by two o'clock  
I spied that ale, just so many around  
I got so hungry, didn't know what to do  
Ain't gonna catch that ale, not you.

And I have been fishing all the time  
Won't you come fishing too?  
You can bet your life  
Your sweet loving wife  
Gonna catch more fish than you  
If the fish bite, you got a good bait  
Here's a little something I would like to relate  
If the fish bite, you got a good bait  
I'm a going fishing  
Yes I'm going fishing  
I'm a going fishing too.
