

Don't you look out of your window  
Don't you look at me so hard  
Don't try to tell me that I never tried  
When I played my every card

Trying get back home, all in the early morning  
To get back home, all in the early air  
Get back home, all in the early morning  
To get back home

Don't you stand out on your doorstep  
Don't you get out of your pram  
Don't you think about my future  
I like me just the way I am

Just get back home, all in the early morning  
Just get back home, all in the early air  
Get back home, all in the early morning  
Get back home

Don't you look out of your window at me  
Don't you look at me that way  
Don't try to hold on to me with your eyes  
Ah just keep out of my way

Just get back home  
Just get back home  
Get back home  
Get back home

Just get back home  
Ah please, get back home  
Get back, get back, get back, get back, get back home  
Get back home  
Get back home  
Ah please, get back home  
Get back home, get back home
