

Small Hours

John Martyn

Going to get on up and fly away
Go on out for another way
And a new day's dawn
Going to carry on.

Keep on loving while your love is strong
Keep on loving 'til your love is gone away.

Well you're very lovely, going to take you home
They say you'll be my ruin
Cos I love you so
I just love you so.

Keep on loving 'til your love is gone
Keep on loving while your love is strong
All the way.
