

Shake that trouble from your life  
Love of mine, we will  
We will have it as we like  
Love of mine, we will  
Love is pretty, baby  
You know we will.

There was a time, a while ago  
I would have said I'd never let you go  
There was a time, long gone  
I would have said: Oh Johnny boy  
You're singing the wrong song.

Stretch my reason, stretch my rhyme  
Love of mine, you will  
I just pull a rose and take your time  
Love of mine, you will  
Life is pretty, baby  
You know we will.

There was a time, a while ago  
I would have said, I'd never let you go  
There was a time, long gone  
I would have said: Oh Johnny boy  
You're singing the wrong song,  
Singing the wrong song, singing the wrong song.

Take this winter from my heart  
Love of mine, you will  
Check my pride before I fall  
Love of mine, you will  
Life is pretty, baby.

Shake that trouble from your life  
Love of mine, we will  
We may have it as we like  
Love of mine, we will  
Life is pretty, baby  
You know we will  
Life is pretty, baby  
You know we will  
Life is pretty, baby.
