

Disappears

John Maus

Here's your time for disappear
Here's your time for disappear
Turn to develop towards the light
Further that soul, further that goal, oh-oh
This to the son, further the son
Simple as son, never let go

Turn us into something light
Follow, follow, follow right
Die, then you die, then you die to self
Turn this into something else
Satan, Satan, Satan lies
He turns everything into fucking spite
A-tan semi-tan taking lives
He turns everything into fucking, oh

Oh, oh, oh

Turn us into something light
Follow, follow, follow right
Die, then you die, then you die to self
Turn this into something else
Satan, Satan, Satan lies
He turns everything into fucking spite
A-tan semi-tan taking lives
He turns everything into fucking, oh

Oh, oh, oh
