

## Episode

John Maus

Big on the night  
I'm totally big on the night  
It's a complex destination  
Because it ends in resurrection  
I'm so sorry that there's nothing there, but it's sung in the light  
Two time winners would've been alone  
Gonna cry  
Every day

Dudes who rain on innocence  
It's around time time fools done pay their respects  
And your heart, never brighter than light

And it's gonna gotta turn into a baby  
And it's gonna gotta why? because to save me  
In a tunnel of love

I had the play  
Peace with me

I would attest  
Peace with me  
I would attack  
Peace with me

Big on the night  
I only go with the night  
To daunt the play's donation  
And await the resurrection  
It's so silly that there's nothing there, but it's sung in the light  
Two time winners would've been alone  
Gonna cry  
Every day

Two times there and no recess  
It's around time time school time play on this mess  
And your heart, in the manner of now
