

## Forever and Ever and Ever

John Maus

And I don't like waiting

Well fear, fear is the future  
And regret is my past  
And you are my angel  
Yes you are my angel baby  
You are my angel  
Yes you are my angel darling  
You are my angel  
My angel

Forever and ever

Well I am smaller than everyone  
And I am in love with you  
Uh huh  
Cause you are my angel baby  
Yes you are my angel  
You are my angel darling  
My angel  
You are my angel

Forever and ever

I'm thinking about death again  
I'm working out equations  
I guess my soul's just older  
I've seen a lot more  
And this is it, your war  
Hop on this cadaver  
Fearful, with soft eyes  
The light  
The light

Fear, fear is the future  
And regret is my past
