

I Want To Live

John Maus

Always forward
Forwards

I want to live
I want to live, yeah!
I want to live

Forever is now
Forever is now
Forever

Always forward
Forwards

I want to live
I want to live, yeah!
I want to live

The fire burns in everyone
The fire burns in all of us
The fire burns in you my love
Please, please, please just hold me
And don't ever ever let me go

The fire burns in everyone
The fire burns in all of us
The fire burns in you my love
The fire burns in you my love
The fire burns in all of us
The fire burns in everyone
