

## It Takes Time

John Maus

Oh my, grandma's peed her pants again  
Oh my grandma's peed her pants  
Oh my, grandma's peed her pants again  
Oh my grandma's peed her pants

And I got it on my hand  
And I got it on my hand  
And I got it on my hand  
And I got it on my hand

Pee out all the good stuff, and then you  
Pee out all the good stuff, and then you  
Good stuff comes in different sizes  
Good stuff comes in many shapes

You pee out the good stuff, then you  
Pee out all the good stuff, and then you

Grandma  
Grandma's fallen down before the slot machine  
And is the toilet really moving?  
Or has grandma just had too much to drink?

Oh my, grandma's peed her pants again  
Oh my grandma's peed her pants  
Oh my, grandma's peed her pants again  
Oh my grandma's peed her pants

And I got it on my hand  
And I got it on my hand  
And I got it on my hand  
And I got it on my hand

'Cause it takes time to get your head on straight  
'Cause it takes time to

Pee out all the good stuff, and then you  
Pee out all the good stuff, and then you  
Good stuff comes in different sizes  
Good stuff comes in many shapes

You pee out the good stuff, and then you  
Pee out all the good stuff
