

Losing Your Mind

John Maus

Can't write a word, so you lock yourself up
So they say you're losing your mind
Cooking DMT up in the basement
So they say you're losing your mind
Still can't write and you know it's not right
So they say you're losing your mind
So they say you're losing your mind

You can lose your mind forever, man, forever after
You can lose your mind forever if you let it go

Ah

For you
Forever for you
Forever for you
Forever for you
