

## Pick It Up

John Maus

A special place in my heart  
Has a side, take back  
We live apart

You have taken a very special part of my heart  
You have taken a very special beat of my heart

Something in city light sits in a fold  
Pick us up, till they pick us up

It sits in a fold, it sits in a fold  
Till they pick it up, till they pick us up  
It sits in a fold, it sits in a fold  
Till they pick it, till they pick it up

In a fold  
City light  
In a fold  
City light

It sits in a fold, it sits in a fold  
Till they pick it up, till they pick us up  
It sits in a fold, it sits in a fold  
Till they pick it, till they pick it up
