

That Night

John Maus

Atonal dissonance is what she likes
Why did you sing to me, Jennifer?
Why did you sing to me
That night I lay with you
That night I lied with you
That night...

Atonal dissonance is what she likes
Why did you sing to me, Jennifer?
Why did you sing to me
That night I lay with you
That night I lied with you
That night you broke my heart...

You broke my heart
You broke my heart
