

Bad Dream Catcher

John Mayall

You tell me that you're worried
Feelin' sick with an achin' head
Well, you tell me that you're worried
Sick and tired with an achin' head
But come on over baby
And lay down across my bed

Had a hard time sleepin' baby
So many bad dreams keep you awake
Had a hard time sleepin' baby
Tossin', turnin', wide awake
Well, I understand now baby
Them old bad dreams are hard to take

She said, "I'm a bad dream catcher
And the black night feels so long"
She said, "I'm a bad dream catcher

This black night feels too long"
She said, "I need you lie beside me
Help me through it an' make me strong"

She said, "I need a man to hold me
Want you get me through the night"
She said, "I need a man to hold me
Bein' there to hold me tight
I'm just a bad dream catcher
And I feel so full of fright"
I said, "I'll be your risin' son babe
And I'll make you feel all right"
