

## Driving Wheel

John Mayall

My baby don't have to worry  
She don't have to rob and steal  
No, my baby don't have to worry  
She don't have to rob and steal  
I give her everything she needs  
You know I'm her driving wheel

You know she left me this morning  
She told me she'd be back soon  
Yeah, she left me this morning  
She told me she'd be back soon  
Back by early Friday morning  
Or late Saturday afternoon

I wrote my baby a letter  
Don't want no one to break that seal  
Yeah, I wrote my baby a letter  
Don't let nobody break that seal  
That letter's just for my baby  
I'm her only driving wheel
