

Going Down

John Mayall

I'm going down
Down down down down down
I'm going down
Down down down down down

I've got my big feet in the window
My head down on the ground

Let me down
Let me crawl back to your door
Let me down
Let me crawl back to your door

Remember Laurel Canyon
Where I lay down on your floor

Help me down
And close that picture door
Help me down
And close that picture door

If someone puts the light out
Ain't gonna change no more

I'm going down
Down down down down down
I'm going down
Down down down down down

I've got my big feet in the window
My head down on the ground
