

## Hungry and Ready

John Mayall

I met a lady the other night  
She said she loved me, that's right  
I tried to call her yesterday  
Some guy told me that she'd gone away

Oh, well, another bird flew my nest  
Oh, well, I'm movin' on to the next  
'Cause I'm hungry and ready, looking out for the best

My buddy called me last week  
We had a party about to peak  
My car was rattling, something wrong  
When I finally got there, all the people were gone

Oh, well, call me when it's on again  
Oh, well, a good night down the drain  
You know I'm hungry and ready, ready to go again

Well, I'm hungry and ready  
Yeah, I'm hungry and ready  
Yeah, I'm hungry and ready  
Yeah, I'm hungry and ready  
I got a big appetite and I'm ready to go again

I'm feeling lonely on the road  
I called my baby on the phone  
A busy signal every time  
I since found out that I could lose my dime

Oh, well, another mule in my stall  
Goodbye, baby, I guess that's all  
You know I'm hungry and ready, time to make another call

Well, I'm hungry and ready  
Yeah, I'm hungry and ready  
Yeah, I'm hungry and ready  
Yeah, I'm hungry and ready  
I'm hungry and ready, time to make another call
