

## Some Other Day

John Mayall

Every time I wanna hold you  
Every time I wanna kiss you  
You just say hey! hey baby  
Some other day, some other time

Every time we go at dancing  
Every time I want romancing  
You just say hey! hey baby  
Some other day, some other time

Now what's the matter baby, what is wrong  
Why do you treat this way? You know I love you baby  
You belong right in my heart, so stay

Tell me why you keep on teasing  
Just give me a good reason  
You just say hey! hey baby  
Some other day, some other time

Now what's the matter baby, what is wrong  
Why do you treat this way? You know I love you baby  
You belong right in my heart, so stay

Tell me why you keep on teasing  
Just give me a good reason  
You just say hey! hey baby  
Some other day, some other time

Some other day, some other time  
Some other day, some other time
