

When I Go

John Mayall

When I go will you believe
How much it hurts to have to leave
I wonder how you will be feelin' when I'm gone
It hurts to need somebody
Please wait for me, I won't be long

Do you believe me when I say
I won't mess around when I'm away
Darlin' it's true
I'd rather be alone in pain

I ain't cheat on our sweet love
That's what's so much to have again

I look around empty room
I'm getting scared
I'm leaving soon
What can I say to make you understand my heart

You can't see me cry
More than my friend, you're my sweetheart
Together now for one more night
If you trust me I'll be your ride
Then when I go
I'll feel I haven't really gone

You'll be my only love
To everybody I'm withdrawn
