

Til the Right One Comes

John Mayer

Well the lucky in love
Call themselves, "Winners"
And losers are sinners who have gone astray

As if I woke up
Lonely one morning
Looked around and decided I would stay that way, oh

You knock me down and you call me, "Crazy"
You say I'm never gonna love someone
Give it time now and you might find maybe, I
Prove you wrong when the right one comes
Won't be long til the right one comes

And I know people
Broke down and defeated
Lost what they needed in some miserable war

So forgive me if I might
Look around for a minute
Before jumping right in it, I just want to be sure

Some people 'round here been calling me, "Crazy"
Some people say I'll never love someone
That's alright, give it time and maybe, I
Prove you wrong when the right one comes
Won't be long til the right one comes

Til the right one comes

Now I'm lying in my bed
End of a long day
Headed the wrong way down that highway of dreams

When you're a little unsure of whatcha headed for
The end of the road ain't as close as it seems

Some people 'round here been calling me, "Crazy"
Must be something he's been runnin from
Stick around now and you might find maybe, I
Prove you wrong when the right one comes
Won't be long til the right one comes

Til the right one comes
Til the right one comes

Who's that knocking at my door? (Til the right one comes)
Is it someone I've been looking for? (Til the right one comes)
And who's that throwing arms around me? (Til the right one comes)
And telling me she finally found me (Til the right one comes)

Til the right one comes
Til the right one comes
Til the right one comes
Til the right one comes
Til the right one comes
