

Sugar Hill Mountain

John Mellencamp

Sugar Hill, Sugar Hill Mountain
Where there's bubblegum and cigarette trees
Sugar Hill, Sugar Hill Mountain
Feel the spring breeze
And do what you please

To see the world
From Sugar Hill Mountain
Most beautiful sight
You ever did see
And there's no clocks
On Sugar Hill Mountain
Only time for you and me

If there's something that you need
Of course, it's gratis
And money don't mean a thing
And if you fall in love
it's easy to do

'Cause every day is spring
And that's just for starters

You couldn't find a better place in this world
No matter how hard you tried
The cops are always friendly
And you can sleep as late as you want
And there's always an extra piece of pie
While you're lazin' on a rainbow

Sugar Hill, Sugar Hill Mountain
Where there's bubblegum and cigarette trees
Sugar Hill, Sugar Hill Mountain
Feel the spring breeze
And do what you please
