

## Home to You

John Michael Montgomery

I get up and battle the day  
Things don't always go my way  
It might rain but that's okay  
I get to come home to you

Sometimes life may get me down  
And I get tired of getting kicked around  
I feel lost in this maddening crowd  
But I get to come home to you

'Cause you are my best friend  
And you are where my heart is  
And I know at the day's end  
I get to come home to you

Hanging out in our old sweatshirts  
You let me complain about a hard day's work  
I don't know what I did to deserve  
To get to come home to you

'Cause you are my best friend  
And you are where my heart is  
And I know at the day's end  
I get to come home to you

'Cause you are my best friend  
And you are where my heart is  
And I know at the day's end  
I get to come home to you

Yes, I get to come home to you  
Oh, I love coming home to you
