

# I Couldn't Dream

John Michael Montgomery

When we're this close I can almost  
Hear your heart beat  
As you softly breathe lyin' here with me  
Your skin's like a canvas  
Being painted by the moonbeams  
Truly a masterpiece  
To you it comes naturally

I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms  
Old Mister Sandman I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream a love better than this

It's getting late  
But I don't want to close my eyes  
I don't care about the time  
Or the world outside  
We're movin' to the music playin' in our minds  
The mood's just right for staying up all night

I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms  
Old Mister Sandman I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream a love better than this

I've had my fantasies  
But none compare to reality

I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms  
Old Mister Sandman I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream  
I couldn't dream a love better than this  
I can't get no sleep  
I couldn't dream a love better than this
