

# Sorry Not Sorry

John Morgan

One, two

Well, blame it on a back-row Baptist  
Blame it on a farmer's tan  
Blame it on a home cooking mama  
And a hardworking John Deere man

If you think I'm a little hard-headed  
Way too stuck in my ways  
I think you might be a little more  
Than a dollar short and a day too late

Sorry not sorry for the redneck, skoal ring on my butt  
Sorry not sorry for the gun in the rack  
And the dog in the back of this truck  
Sorry not sorry if your girlfriend's  
Wishin' it was me that was picking her up  
I'm just rollin' 'round here like an empty can of beer  
Doin' what a country boy does (what a country boy does)

Country boys throw a little hay in the loft  
Country boys don't take a damn day off  
Y'all, country boys can't change the way we talk  
Yeah, country boys got what them country girls want

Sorry not sorry for the redneck, skoal ring on my butt  
Sorry not sorry for the gun in the rack  
And the dog in the back of this truck  
Sorry not sorry if your girlfriend's  
Wishin' it was me that was picking her up  
I'm just rollin' 'round here like an empty can of beer  
Doin' what a country boy does, what a country boy does

Yeah, what a country boy does  
Oh, yeah  
Thank God I'm a country boy (country boy, country boy)  
(Thank God I'm a country boy)

Well, sorry not sorry for the redneck, skoal ring on my butt  
Sorry not sorry for the gun in the rack  
And the dog in the back of this truck  
Sorry not sorry if your girlfriend's  
Wishin' it was me that was picking her up  
I'm just rollin' 'round here like an empty can of beer  
Doin' what a country boy does (what a country boy does)

Yeah, what a country boy does  
Aw, play it one time

What a country boy does  
(Country boy does)
