

I Will Be Released

John Nolan

I got lost out there on my own
I got lost in your arms
I've been going nowhere
I've been going there for way too long

I replaced love with fear and doubt
I forgot how to believe
I know I'm lost but I'm on my way to found
I am caged but I know I hold the key

I've got eyes but I can't see
I've got ears but I can't hear
I know words that I can't speak
But one day, one day, one day
I will be released

I replaced love with fear and doubt
I forgot how to believe
I know I'm lost but I'm on my way to found
I am caged but I know I hold the key

I've got eyes but I can't see
I've got ears but I can't hear
I know words that I can't speak
But one day, one day, one day
I will be released
I will be released
I've got eyes but I can't see
I've got ears but I can't hear
I know words that I can't speak
But one day, one day, one day
I will be released

I've got eyes but I can't see
(I will be released)
I've got ears but I can't hear
(I will be released)
I know words that I can't speak
(I will be released)
But one day, one day, one day
I will be released
I will be released
I will be released
I will be released
