

Blessings

John P. Kee

Blessings are coming my way
Thinking about everyday
As I fast and pray I can say
They are coming
And the trials I go through
Lord I still rely on you
Patiently awaiting for you
There coming y'all
Blessings are coming

There must miracles because they weren't predestine
Saints can't just believe it today Its about my time

On everything love I can truly say
As sure as I born to die. I'm gonna get a Blessing to day
Blessings are coming my way
Thinking about everyday
As I fast and pray I can say
They are coming
And the trials I go through
Lord I still rely on you
Patiently awaiting for you
There coming y'all
Blessings are coming
