

NIGHTCRAWLER

John Park

She's looking for a stranger
Eoduun dwitgolmok sumeo gidarineun dangerous
(Killer on the prowl)
Like a predator she crawls in the night
Creeping trying to feed her appetite

You're my endless night
Neoui miro soge
Gireul ileun deuthae
Meomchul su eopseo nan
I'm fully addicted
To this sin we chase

Weaving in and out of smoky rooms
Ireum ttawi moreul rendezvous
She's got the prey in her sight
Kkamppak georineun neon lights
The city of Seoul at war in the night
And broken soldiers fight-or-flight
If they could only see
That it's all a fever dream

She's looking for a stranger
Eoduun dwitgolmok sumeo gidarineun dangerous
(Killer on the prowl)
Like a predator she crawls in the night
Creeping trying to feed her appetite

You know better now
Sarang gateun geon
Chatgi eoryeoun sigan
I'm following you into the dark of night
Kkeunnaji anneun i bameul ttara dallyeoga

Weaving in and out of smoky rooms
Ireum ttawi moreul rendezvous
She's got the prey in her sight

Queen of the dark
Let me be caught
I won't resist your sweet deceit
I'll be your sin
