

STUTTER

John Park

Bienvenue
Veuillez entrer votre nom et votre prénom
Et le mot de passe bien sûr
Euh non, je crois que c'est pas ça
Ressaie pour voir

Caught in the static
Heartbeats drowning in the noise
Every word you say on repeat
I'm trapped inside your voice
Screens aglow at five-o'clock in the morning
Guess I gotta spend another sleepless night alone
No getting off this flight

Tu t'en vas?
Me laisses pas toute seule
Enfin, c'est pas grave
J'ai l'habitude
Baby, you're a little too much and I'm overst-

You're the reason that I stutter
You're the reason that I stutter

Take a good look at me right now
Fantasize about things I don't even want
People wanna talk but don't want to listen, no
Every single day looking at a face
Of a stranger, I'm running out of life
And I really want to go outside, just you and I

Baby, you're a little too much and I'm overst-

You're the reason that I stutter
You're the reason that I stutter

Allez viens, on va s'amuser
Ben je croyais que c'était ce que voulais
Désolée
Baby, you're a little too much and I'm overst-
